* Monitoring of or administration of pre-calculated dose of anesthesia

** Dentist, Chiropractor, Physician, etc. Notwithstanding the above provisions, Animal Chiropractic Practitioners may perform services pursuant to Section 340.200(3) and (4), RSMo and Section 340.216 (10), RSMo.

A = Immediate Supervision: the licensed veterinarian is in the immediate area and within audible and visual range of animal patient and the person treating the patient;

B = Direct Supervision: the licensed veterinarian is on the premises where the animal is being treated and is quickly and easily available and the animal has been examined by a licensed veterinarian at such times as acceptable veterinary medical practice requires consistent with the particular delegated animal health care task;

C = Indirect Supervision: the licensed veterinarian need not be on the premises but has given either written or oral instructions for the treatment of the animal patient or treatment protocol has been established and the animal has been examined by a license veterinarian at such times as acceptable veterinary medical practice requires consistent with the particular delegated health care task; provided that the patient is not in a surgical plane of anesthesia and the licensed veterinarian is available for consultation on at least a daily basis;

D = Not Legal
