March 31, 2020

TO WHOM IT MAY CONCERN:

In response to the Coronavirus19 pandemic, the Board of Therapeutic Massage is temporally approving the provision of certain online education for massage therapy students, pursuant to (20 CSR 2197.010.6 (F), until the board has been informed that all state and local stay at home restrictions have been lifted.

Specifically, the Board approves, for an interim period during the pendency of all state and/or local stay-at-home orders due to the COVID-19 pandemic, the following educational topics to be provided by appropriately-credentialed massage therapy schools on an on-line or other remote/electronic basis:

1. Massage theory, business practices, kinesiology, anatomy and physiology.
2. Massage practice techniques (hands on), should be temporally suspended as needed to comply with all state and/or local stay-at-home Orders, but shall NOT be provided through any on-line or other electronic/remote methods.

Thank you,

A handwritten signature in blue ink that reads "Gloria Lindsey".
